April 2014

Volume 4 Issue 14

A Message From Our President Diane:

I am on my soap-box this month (as President, I am allowed to do that once a year!)

We have many new members lately, and the waiting lists are growing. When we are part of long established groups, we often forget why the Nipomo Newcomers Club was formed in 1999. Lots of us were new to the area, and anxious to be involved and make friends. Now, we have many satellite groups, with, in some cases, waiting lists. These new members are as eager for friendships as we all were. Let's keep that in mind when it is being decided whether the group can handle additional members, and let's make sure that the new members feel as welcome as we felt when our groups were formed initially.

And, speaking of new members, if you are a member who joined the Nipomo Newcomers in 2013 or 2014, please mark June 28, 2014, on your calendar for a "Welcome Tea". I will keep you informed of the details in future Newsletters.

And, finally, "The people who make a difference in your life are not the ones with the most credentials, the most money, or the most awards. They simply are the ones who care the most." Charles Schultz

David Bermant was a builder of shopping malls and a collector of kinetic art. Kinetic art is created with light and/or digital electronics. Bermant maintained a summer home in Santa Ynez which is now a private museum housing 65 sculptures featuring sound and movement. On May 2, at 6:00 p.m., there will be a private guided tour of the museum for Nipomo Newcomers. The tour is limited to 12 people. There is no charge for the tour, and for those who are interested, the tour will be followed by dinner in Los Olivos. A Tip For The Month ...

Newspaper weeds away

Start putting torn newspaper in your plants, work the nutrients in your soil. Wet newspapers, put layers around the plants, overlapping as you go; cover with mulch and forget about weeds. Weeds will get through some gardening plastic; they will not get through wet newspapers.
