August 2015

Volume 8 Issue 15

Words From Marcy, Our President:

I know that this is not a political platform, however, the SLO County Planning Commission is reviewing the Phillips 66 proposed rail spur. This proposal will directly impact the residence of the Central Coast of California. If this concerns you (if you are for or against it) please email: Planning@CO.SLO.CA.US

We had perfect clear sunny skies for the Morro Bay Cruise on the Pappagallo II. The captain held the boat for the few that stopped on the side of the road to change a blown tire. Approximately 42 people enjoyed a beautiful day exploring the harbor and a wonderful luncheon buffet of foods prepared by our host and hostess. A good time was had by all. I would personally like to thank Karen Richards for organizing this wonderful special event.

We have several great events coming up in the near future, please read your newsletter for details. Don't forget the Annual Nipomo Newcomers Picnic September 13th.

I know that a lot of you love watermelon; here are five tips on buying the perfect watermelon.

1. Look for the yellow field spot, if it doesn't have it put the watermelon back. This spot means the melon has been vine ripened.

2. Make sure the melon is heavy, this means it's juicy.

3. Look for white scars and brown dots or lines. This is evidence of sweetness.

4. Go for dull color, this means it is sweet and ripe. Shiny melons are under ripe.

5. Pick the darkest skin color, this means it has the sweeter taste.

Hope to see you all at the picnic! - Marcy
